N2 = R

A screenshot of a software window titled "MasterConsole". The window has a standard title bar with a minimize button, a maximize button, and a close button. Below the title bar is a menu bar with four items: "Font", "Font Size", "Edit", and "Help". The main area of the window is a text field containing the following text: "n1 is R", "n2 is V", and "----Run complete. 12 symbols evaluated.----|". The text is displayed in a monospaced font with some color coding (e.g., "n1" is blue, "is" is red, "R" is black).

```
MasterConsole
Font  Font Size  Edit  Help
n1 is R
n2 is V
----Run complete. 12 symbols evaluated.----|
```

RESULT:

The program is executed and verified successfully
